

Induction cooker with 4 zones and electric oven GN 1 1/2

Manufacturer: Locher GmbH

Model: 227208

Electric static oven

Simple operation through two thermostats, separate heating elements for the top and bottom of the oven, with indicator lamps.

Features & Benefits of the electric oven:

Steam vent on door, easy cleaning non-stick oven chamber. Independent heating (60° - 300°C), in the top and bottom enabling accurate temperature control for perfect cooking results.

Oven racks completely removable for easy cleaning.

Accessories included: baking tray and oven rack.

Induction temperature control
Cooking zones with 1 to 9 power modes and temperature modes between 70° and 250°C
Includes a 4-digit LED display

Description:

Induction cooker range with four zones – free standing with GN1½ electric oven.

The delivery time for the induction cooker with oven is 12 weeks. Please note that the connection system has been changed from a clamp bar connection to a flush connection system with a hairline joint.

Energy transmission through induction coils underneath the ceramic glass. The generator is positioned under the coil. In the case of maintenance, the generator can be easily disconnected.

Utmost operational security thanks to:

- Electronic energy monitoring.
- Empty pan detection (in the centre of the zone reduces power and turns off automatically)
- Electronic temperature control for the protection of the coil, the generator and the PCB
- Hot hob indicator

Each zone is operated through a potentiometer. Unit comes with power on/off main switch with indicator lamp. An LED display under glass shows the selected power level (1-9) and any malfunctions. Each generator has two integrated fans, so air circulation is guaranteed. Unit comes with power cable, air duct and a dishwasher safe metallic air filter.

Optional:

- ITC – Temperature control
- Preparation for energy optimisation
- Interlock strip
- Professional scraper for ceramic glass (PCS/PCSB)
- Castor Set

Technical data

Width: 800 mm
Depth: 700 mm
Height: 850/900 mm (Height of lower compartment: 700 mm)
Int. dim. Oven: 575 x 530 x 240 mm (WxDxH)
Glass dim: 750 x 605 x 6 mm
Coil dim: 4 x round Ø 260 mm with 5,0 kW each
Oven Specification: 400V/3ph/4.6kW

Total Load: 400V/3ph/24,6 kW

01/20 Dimensions and images are indicative. We reserve the right to modify any data without prior notice.
Shown colours may differ due to printing process.
